- **Built On Solid Rock** - The smaller, elegantly contoured body of the **new California Classic** is comfortable and light - great for live performances. The slim neck is fast and just asking to be throttled. Fat power chords to screaming solos, it's all here. Two VS -1 single coils are coupled with a rock solid LH-4 humbucker on the California Classic for rhythm chops and solo mania. A **Blade®** vintage style M-54 tremolo guarantees vintage tone and perfect string spacing.

### Highlights:

- Push-lock split for humbucker on tone pot
- Canadian Maple Neck
- 2 VS-1 Levinson Single Coils
- 1 HD-4 Levinson Humbucker
- Die Cast Tuners
- Blade M-54 Tremolo with string-centering saddles
- Contemporary styling – comfortable
